Hi Amy –

Hope you had a great weekend. What weather!

Attached are my comments on your draft water resources comments. Happy to discuss.

Suzanne

Hi: Here's a version for your use. It's not as polished as I'd like, but I directed numerous comments to you to help explain reasoning, what's "new," and to highlight potential red flags. I think it will give you an idea of the direction this is headed.

I have requested additional input from Ayn, Greg, & Tricia by Mon. Will update you when I can. Have a great w/e!
